INTERDISCIPLINARY TRAINING FOR EARLY INTERVENTION PROFESSIONALS

The goal of these Master's level courses is to enhance the knowledge and skills of professionals currently working in the field of early intervention.

Training Model:

- Three web-based interactive Courses
- Monthly Community of Practice Meetings
- Applied training competencies and consultation

Training Format:

- Twelve month long program
- Three courses 15 sessions each
 - Family-centered Practices
 - Evaluation and Assessment
 - Intervention Strategies

Application Requirements:

To enroll in the program you must:

- Have a Bachelor's degree or higher
- Currently be employed as an early intervention provider in Connecticut
- Be providing services in high-need communities
- Have access to a computer

"This course provides early interventionists with the essential tools needed to understand and apply the research that guides how we provide services to young children and their families."
- Mary Beth McLaughlin (ASD)

"It is a course that will challenge your strengths, weakness, organization and academic skills." - Nicole Schutz (EdAdvance)

"I have grown so much with the knowledge this course has provided me. I thought I was making a difference in the lives of families before, but nothing like I am doing now."
- Desirae Murphy (Beacon)

"I am able to apply what I have learned in this course to enrich the lives of children with disabilities and their families."
- Barbara Adams (LEARN)
